SCOTCH TERRIER

CATEGORY WHISKY

The well recognized Specialists in the spirit industry in cooperation and leadership of their Scottish colleagues had created the unique high quality product with light steady taste

WHISKY

The distillate for the company products is produced from classical technology by blending malt whisky, which is produced on the basis of barley malt with various grain varieties followed by continuous distillation.

For the production of grain whisky used such cereals as wheat and rye. This blend is poured into oak barrels and aged for 3 years.

DOESN'T CONTAIN ANY ADDITIONAL ADDITIVES AND FRAGRANCES.

SCOTCH TERRIER

Single Cask 43%

Unique whisky taste by character and style

Whisky matured exceptionally in one barrel with specific organoleptic features, that creates a exceptional taste

Taste

Whisky has deep, rich and pleasant taste.

Well-balanced aftertaste is full of honey and wood

Fantastic balance of sweet, spicy elements make this drink ideal for every day use

SCOTCH TERRIER

BLACK

Whisky matured in burnt barrel

The usage and firing of the barrel affects on aroma and taste of whisky. According to different specialists 60-80% of the final aroma and taste depend on the barrel.

It reveals the smoky taste of whisky

Taste

Released from the barrel aromatic substances from the oak creates the bouquet of vanilla, caramel, cinnamon and other spices.

The lactones of the oak add notes of sawn wood and nuts into whisky.

The oak tannins create desired astringency and bitterness of whisky and that influence upon the complexity of the product. The Barrel creates lightly smoked aroma and taste!

Aftertaste is long.

Ideal for digestive or appetitive. Recommended to drink sole with water or soda with ice
